

## REMARKS

As noted above, this application is a divisional of Application No. 09/898,623 ("the '623 case"), filed July 3, 2001, which is a divisional of Application No. 08/695,873 ("the '873 case"), filed August 12, 1996, now U.S. Patent No. 6,254,555. In the '873 case, a Restriction Requirement was issued requiring Applicant to elect one of three inventions (Groups I-III). The Group II invention (FIG. 11) was elected in that '873 case. Group I (FIG. 1) was elected in a divisional application, the '623 case. This case presents for examination the invention(s) of Group III (FIG. 21) as identified in the original Restriction Requirement. The Figures (FIGS. 21-27) have been resubmitted as originally filed in the parent '623 case, for the purposes of this divisional application.

Applicant submits herewith copies of the original application, the original drawings (FIGS. 1-27), the original Combined Declaration and Power of Attorney, the assignment of the original application to Primary Care Delivery Corp. along with the Notice of Recordation (Reel 8385, Frame 0326), and the Revocation and Appointment of New Power of Attorney, each as previously filed in the '873 case.

Respectfully Submitted,

---
